

# NORTHGATE

HEALTH CARE FACILITY

Recognized for excellence in quality care

August 27, 2007

To Whom It May Concern,

I am writing to tell you about the fantastic experiences that my staff have enjoyed over the past four years during our annual Wellness Fair produced by Harmony Expositions.

The events have been very informative from a health and wellness perspective, as well as, a festive and joyous demonstration of appreciation for our staff. Every year when spring rolls around the staff start asking about the Wellness Fair, so it has become a much anticipated annual event by popular demand!!

From an employer perspective, Harmony Expositions could not be any more user friendly. The signing of the contract was the end of my involvement, except to enjoy the day with my staff. Harmony Expositions took care of all of the details, set up and clean up. They are professional, reliable, a pleasure to do business with and have the ability to create magical events that makes all involved feel enlightened and appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Terry M. Collins".
